

A large, diverse crowd of people is gathered on a grassy lawn in front of a large, classical-style building with a green roof. The crowd is cheering and waving their hands. The sky is blue with scattered white clouds. The building has several windows and a central entrance. There are trees on either side of the building. The overall atmosphere is festive and lively.

CATERING POLICIES

A2SF is proudly a zero waste event. We work hard to leave the environment in better shape than when we arrived. Please review the guidelines below and bring forward any questions prior to your event.

All food at your party must be from an approved caterer or vendor. All beverages must be provided by and served by A2SF, including water and coffee. If you do not see your caterer on this list, please work with the A2SF Party Manager who will accommodate to the best of our ability. For food safety reasons, a catering representative must stay on-site or a member of your staff must take responsibility for the safety of food service throughout the event. A2SF is not responsible for overseeing catering.

FOOD PREPARATION & GRILLING

Food preparation on-site by a caterer will require a temporary food service license per University of Michigan policy. Your caterer must contact the A2SF Party Manager at least 10 days prior to your event with information (name, date, time, all food/beverage items being served & name of the vendor).

Grills and open-flame cooking are not permitted in or around the tent structures. If your caterer is requesting to grill, they must contact the A2SF Party Manager 10 days in advance who will in turn coordinate with the U-M Fire Marshall. Please note these requests oftentimes cannot be accommodated, so we highly discourage hosts from offering grilled catering.
